Village Maintenance:-

- 1) Repairs on the footpath outside 4 Kelmarsh Road – the keystones have not been put in straight and are very dangerous. Steve Whelton from DDC visited the site in October. No update received to date. Check the status.
- 2) The drain by Church Farm – the brickwork needs checking. 768786 – the brickwork has still not been repaired. – referred to Peter Lane. Check the status
- 3) Overflowing manhole by 29 Oxendon Road. Following discussion with Steve Whelton at DDC this is to be flushed when the drains are cleaned. Clerk to report. 768777 – Outside NCC control. Inform DDC (Steve Whelton) that the manhole takes surface water. There are two manholes with settling chambers below which have been emptied by the adjacent landowner. The Parish Council suggest that when the drains are next flushed the settling chambers are also flushed. It should be noted that the flood water was seriously affecting the farm corn store and the landowner is disappointed that the appropriate authority did not undertake the work.
- 4) Passing place on Desborough Road between the 2nd and 3rd cattle grid on the left hand side going away from Arthingworth – a very deep pothole requires maintenance. It is very dangerous, especially when full of water. 768771 – 15/3 referred to David Coleman. Check on status.
- 5) Potholes - Braybrooke Road before the boundary road and the last cattle grid. – 768765 15/3 referred to David Coleman. COMPLETE
- 6) Tree outside 1 Kelmarsh Road (requires pollarding) – From DDC – the tree will be removed and the stump poisoned in September after the bird nesting season.
- 7) Road sign knocked down outside Forge Cottages by JD Excavations – 820195 – to be completed within 3 months.
